To: Whoever it may concern

Dear Sir/Madam,

RE: LETTER OF APPRECIATION

Commercial Motor Spares Ltd is one of the leading suppliers of all kind of Motor Spare Parts in Kenya

5 years ago, we were looking for a centralized software which would automate our business processes and keep track of each and every operation in the company. We took up the MarsTrack ERP system which was developed by Genius Business Systems.

We are glad to say that GBS Africa has not failed us at all. All our business operations have been made simpler because of MarsTrack ERP system. We have track of each of our stocks and its detailed movement, our sales and our purchases as well. The system also gives us some fantastic reports which play a major role in the company decision making.

GBS Africa has a very efficient and dedicated team who always make sure that we are running well. Their support is always up-to the mark and extremely professional.

We highly recommend Genius Business Systems to any trading company who would like full integration and automation of their business processes. We have full faith and confidence in their quality business solutions and their support.

This letter of appreciation has been just given base on our experience with GBS Africa. It is not intended with any financial & others form of security.

Yours Faithfully

For Commercial Motor Spares Ltd

A handwritten signature in blue ink, appearing to be 'A. Mwanjiku', is written over the text 'For Commercial Motor Spares Ltd'.
